Hannah Quigley

Hello! I'm a Global Designer, with 5+ years of experience, four of which is at the world's top media agency, as of 2021. I have experience in Presentation design, Video production and editing, Motion Graphics, Social Media Design, Print, Photography, Illustration and Photomanipulation. I won the Inside Out Awards 'Rising Star' during the same year that my Charity project children's book; Mica's Big Adventure was nominated for the Design for Good award.

I have a degree in Digital Arts from the University of Kent, Canterbury and creating Art runs through my free time too! My Alcohol Ink side hustle has been up and running since Lockdown and any free time I have left currently is spent teaching myself Procreate!

Experience

2019 - PRESENT

Global Designer | MediaCom

I work within two teams as part of MediaCom's Global Design Studio.

Here I've worked on a great number of New Business pitches and marketing projects, acting as both a brand guardian, making sure everything fits inline with our visual identity, developing art for social media and working on New Business pitches for some of the world's biggest brands, including the likes of adidas, Mars and Sky; elevating and collaborating our brand with that of potential new clients.

My day to day role includes presentation design, creating digital and print assets for pitch theatre, developing animations and templates that the global teams can use across our social media and thinking of out of the box solutions to answer our briefs.

2017-2019

Global Junior Designer | MediaCom

2017

Graphic Design Teaching Assistant | Midkent College

Not only was this great work experience in the field of Graphic Design, it was a great opportunity to give support to teens from troubled backgrounds trying to further their education. I ran classes on Illustrator, watercolour painting, typography and much more. I was pleased to discover this year that lots of the children I taught went on to study further in university and some have began their own careers in Graphic Design!

2017

Junior Designer | Walker Crips Stockbrokers

2013-2016
